My dear Mirza.

The Papers you have sent me about the Surplus Revenues & the Subsidy are complete enough so far as I can see & I have written & asked for an interview with Lord Willingdon. I note that you are sending me some more papers which ought to reach me today. I have great hopes of Lord Willingdon as our case is such a very strong one

Will you ascertain from Sh what he wants to be done about Race Week guests? I hear he wants only a small number invited. May I consult Mir Yusaf?

Also may we make some arrangements for respectable people who want to come to Mir Races at Ilam our subjects (i.e. not as guests) for the sake

The Races we might perhaps arrange
a small Camp either at the T B
or Staff Quarters. I know there are
certain rooms & Mrs people up
here, + possibly at Bangalow, who
would like the Races - Sir William
+ Lady Marshall + a Mr & Mrs
Beveridge are among them - It would
not for much trouble to arrange
a small Camp, with Catering, at
a fixed charge - As the Races are
only about 7 weeks ahead it is
time to settle some plan of action.
Please let me know what His Highness
wants done.

With our kindest regards

Yours

R Blackden
